Dear Sir:

In response to a final Office Action in United States Application No. 09/462,765, a continuation application was filed. Applicant's attorney recently received a preliminary indication that the continuation application has been assigned Application No. 10/694,404.

A ~~three-month~~ suspension of action is requested for Continuation Application No. 10/694,404. The United States Patent and Trademark Office is authorized to charge Deposit Account No. 12-1216 for the \$130.00 petition fee set forth in 37 CFR § 1.17(h).

## PETITION

According to the PALM system, Continuation Application No. 10/694,404 is still in the "pre-examination" phase and has not yet been passed to the Examiner. At this time there is no outstanding Office Action or requirement awaiting reply by the Applicants.

Applicants' attorney is preparing a Preliminary Amendment. However, before the Preliminary Amendment can be completed, the inventors, all of whom reside in Europe, and the inventors' employer must complete a review of various commercial embodiments of the filter assembly. Once this review is complete and Applicants' attorney has had an opportunity to examine the review, the Preliminary Amendment can be completed. It is expected that the review can be completed and the Preliminary Amendment can be completed
